Our 26th Year of Bringing Smiles to Women in Senior Care Facilities on Mother's Day Weekend

Dear Friends,

Mother's Day will be different this year, especially for the women in our local care facilities. During the Shelter in Place order, these ladies have been isolated from physical contact with their family and friends. With no visitors from the outside, they feel even more disconnected from the world. But they are the most vulnerable in our community and they must be kept safe during this time.

For 26 years, volunteers from the community have delivered blossoming plants to these ladies on Mother's Day for our I Remember Mama fundraiser. The women look forward to it, they love the flowers and they love the visits. This year, we will not be able to make those visits and deliveries. We do not want to place these residents at even greater risk.

We do want to recognize them on that special day with handmade Mother's Day cards. These cards are created by many generous citizens in our community to let these special ladies know that they have not been forgotten during this difficult time. The cards will be sent and distributed in a way that is safe for these residents. Later in the year, our plan is to have volunteers distribute the blossoming plants to them, when it is safe to do so.

A separate card will be sent to all of the staff in these care homes that are risking their own safety every day to care and nurture these residents when their families cannot physically be there for them.

We are asking you to help support this effort as you have done in years past. This fundraiser supports the activities of our Ombudsman program which advocates for all of the residents throughout the year.

You will help put a smile on the face of a very grateful lady!

Stay well and thank you.

Teresa Sullivan Executive Director
