Options for Out of Home Care

Providing care for a loved one at home in the advanced stages of an illness may not be possible for some. What are the options for providing care out of the home? When searching for a care facility what questions are important to ask? How is this level of care paid for? How can I be assured my loved one is receiving proper care? How has COVID-19 impacted care options? These and other questions will be addressed in this presentation to support caregivers in making informed decisions on behalf of their loved one.

Speaker: Meggie Pina, Manager
Ombudsman for Long Term Care
